REDS BEAT THE BLUES

INDIANAPOLIS SECURED THE SEC. OND GAME OF THE SERIES.

Kansas City Could Not Hit Hawley and the Indians Rapped Pardee Blues Outfielded Their Opponents, However,

Kansas City would have won vesterday but for two things: the Indians hit Par with too great frequency, and the would have been to their advantage. It was a case of one pitcher having a good deal the best of the other, for Albuquerque Al was better supported than his opponent, all of the runs scored by the home team coming in the form of gifts. A large sup-ply of glaring errors by the leaders gave nning's men some encouragement and of the bases on balls which Hawley donated resulted disastrously to his own The Indians made up for their rocky fielding, however, by timely work

Pardee is not pitching the kind of ball which won for him the title of "Rusie," or which will enable him to hold onto it very He has occupied the rubber in three games since the Blues' return from their stern trip, and each time the locals have suffered defeat. A change in the makeup of the outfield, however, did not improve things yesterday. McVicker stayed out of the game to nurse the finger which was injured Wednesday, and Frisbee was shifted to right field, Armstrong filling left garden. Armstrong failed to land a long fly in the eighth imning, which the regular player in that position would have secured, and while an error cannot be charged, the chance to cut off a two-bagger was missed and two runs resulted.

The first Indian at bat drew a pass to first, and when McFariand hit safely into left and Motz singled into center a run was scored. Slagle, the first of the Blues to face Hawley, was also given a base, but the locals were shut out without a hit or an opportunity for the runner to score. Indianapolis strengthened her lead in the third through Hogriever's single and Deady's double. Pardee scored one for Kansas City, after walking to first, advancing a bag on Blagle's sacrifice. Frisbee's single brought the pitcher home. suffered defeat. A change in the makeup

There will be no game to-day.

Yesterday's attendance was 2,500.
St. Paul is in second place again.
St. Louis and Louisville did not play yesterday on account of rain.
Cleveland and Pittsburg were not scheduled to play yesterday. Kansas City was the only Western di-vision team to lose yesterday. The higher courts have not yet decided the Sunday ball playing case in Indian-

Apolis.

Meredith and Scott will be the pitchers to-morrow. Scott twirled for Grand Rapids last year.

Two former Kansas City pitchers were successful yesterday. Jimmle Callahan and "Kid" Nichols both won their games.

Make no mistake about the Browns. Reinforced by Quim and Stenzel, they will put up a game calculated to make the best of them hustle.

The Minneapolis Journal has inaugurated a crusade against knockers. The movement is a worthy one and should be given incouragement. encouragement.

The Philadelphia Times gives this advice to its club: "If you are not strong enough to win without resorting to foul methods, for goodness' sake lose."

Decker, the first baseman of the St. Louis Browns, has had considerable trouble since that sunstroke in St. Louis several weeks ago. Tuck Turner said the other day that Decker has several times been seized with fits of disziness while at the bat, and on two occasions was hit smart raps with pitched bails.

two occasions was hit smart raps with pitched bails.

Unless traded or sold soon Walter Thornton will be tried again in the box for the Chicago team. The big fellow is working quietly at the park with Kit and now has the bat well in hand with wonderful control. Corners are no longer puzzlers for him and his benders pars over them as in a groove at the call of the plump little catcher at the other end. All his reputed speed is there, too, and he is working with the free and easy motion of a world beater.

There is a good story about Peck Sharpe, now playing second base for the Detroits. It was Fourth of July, and as an extra attraction a manager had arranged for a balloon ascension just before the game, the aeronaut being a pretty young lady. When the cloud sailer came down as a pedant to a parachute, she landed close to Peck's base, and came down with a thump. Peck bicked her up, and as he brushed the dirt off her tinsels, exclaimed: "That was a nice slide you made, old girl, but you are out."—Detroit Journal.

out."—Detroit Journal.

Glasscock cannot be anything but a dirty player, and probably would not be if he could, but he generally manages to stop his rowdy playing just this side the line where fines are imposed. Last week he stepped across the line, and Sheridan assessed him \$25. He disputed a decision and was ordered out of the game. When the next inning crimenced he went to his best, and when Sheridan told him to get off the field, blurted cut: "You're not my boss!" He changed his mind inside of five seconds.—Exchange.

Great Finish in the Tremont Stakes-The Huguenot Defeats Previous

in the Brooklyn Derby. NEW YORK, June 16 .- Although there were two \$10,000 stakes to be run off at Gravesend to-day, the attendance was surprisingly small. The Tremont stakes for prisingly small. The Tremont stakes for 2-year-olds was the first of the pair, and the crack 2-year-old. Jean Beraud, won at the good odds of 2 to 5, owing to the heavy play on Frohsinn. Kingdon made the running with Jean Beraud and Frohsinn following as far as the turn into the stretch, when Jean Beraud shot to the front and it looked to be all over. On the last furlong, however, Simms came with a rush on Frohsinn and Sloan had to drive Jean Beraud hard to win by a neck.

with a rush on Frohsinn and Sloan had to drive Jean Beraud hard to win by a neck.

Then came the Brooklyn derby, with Previous as the favorite at 2 to 5, and The Huguenot at 2 to 1. The other three were at any price. Sloan took Previous to the front, going up the back stretch, and kept him there until they were headed for the wire, when The Huguenot went by him like a shot and won, pulled up, by three lengths, Previous being ten lengths in front of Latson. DR. SAM THE WINNER.

Leo Planter Defeated in the Bace for the Brewers' Stakes-Montgomery Won Fifth Race.

ST. LOUIS, June 16 .- A heavy downpour of rain set in just before racing time at the fair grounds and continued throughout the afternoon. The track was a sea of mud. The feature of the day was the Brewers' stake, which came fourth on the card. Ben Bramble was withdrawn on account of mud and seven starters faced the gate. Lee Planter was favorite all through the betting, while Dr. Sam was backed from 15 to 1 to 6 to 1, while Sir Gattan was second choice all through the betting. Dr. Sam came through in the stretch and won quite handily from Leo Planter.

Montgomery is a speedy marvel in the sloppy going and won the fifth race as he pleased in fast time. "Umbrella" McGulgan is due to arrive in the moraling with his derby candidate. Bannockburn, who will start Saturday. Weather raining: track muddy. Summaries:

FAVORITE FAILED TO LAND. Maso Won the Harold Stakes at Latonia, The Barrister Failing to

Get Inside the Money. CINCINNATI, O., June 16.—The Harold stakes for 2-year-olds at Latonia turned up a big surprise for the talent to-day. The race was won by Mazo at 6 to 1, while up a big surprise for the talent to-day. The race was won by Mazo at 6 to 1, while The Barrister, a hot favorite at 4 to 5, falled to get inside of the money in a field of four. The Barrister's race to-day was a keen disappointment to many, as the celt was considered one of the best in the West. Judge Tarvin, the second choice, cut out all the running, but stopped to nothing in the final eighth of a mile, allowing Mazo and Billy House to pass him, and the best he could do was to get third place.

Riley Grannan, the noted plunger, made book at the track to-day for the first time in years, and quit big loser on the day. Weather fine: track fast. Summarles:

At an athletic contest, held last night at the City garden, on Grand avenue, John Stolzer, a local strong man, and Carl Hett-Stolzer, a local strong man, and Carl Hett-wer, of the Kaneas City Turner Society, gave an exhibition of weight lifting. Louis Elchholzer and Alfred Werner had a catch-as-catch-can wrestling match, and Professor James Evans and Emmet Mel-lody gave a four round boxing exhibition. Billy Reichler and Billy Myers had a friendly six round bout.

RAILWAYS IN THE SOUTHWEST. Nearly Twelve Hundred Miles of Road Is Being Built by Six Companies.

Railroad building in the Southwest at resent has caused general attention to be attracted to that section of the country. More important projects are actually under way in the section of the country be-tween Rio Grande and Missouri river than perhaps in any part of the world, except Biberia.

The Manufacturers' Record has at differ-

of railroads being constructed in East Texas and the states parallel with the Mississippi river, one of the most recent being the Kansas City, Pittsburg & Guit. The western portions of Texas, Oklahoma and Indian Territories, however, have been almost destitute of transportation facilities, although immigration to the Southwest has caused a large influx of settlers finto this section, while many new towns have sprung into existence.

At present about 1,200 miles of railroad are actually under construction in the territory mentioned, being promoted by but six companies. These do not include several local lines under way in Texas, but represent the more important projects on which work has actually begun. The most important is the Kansas, Oklahoma & Southwestern. This line is 550 miles in length, and is fo extend from Coffeyville, Kafa., to Vernon, Tex., in a southwesterly direction. At Vernon it reaches the Denver City & Guif railroad, while at Coffeyville it will reach the Missouri, Kansas & Texas, as when completed, it will give the latter almost a direct line from St. Louis into Northwest Texas, while a further extension would bring it to a connection with the Southern Pacific system, forming a new Bouthern route from St. Louis into Northwest Texas, while a further extension would bring it to a connection with the Southern Pacific system, forming a new Bouthern route from St. Louis to the Pacific coast.

The St. Louis & San Francisco system is extending in Indian and Oklahoma. Territories. A branch line between Sapulpa and Oklahoma, 106 miles, is nearly graded, and the contract is let to Johnson Bros. & Faught, of St. Elmo, Ill., for the entire work, which is being pushed to completion as rapidly as possible.

The Pecco Valley & Northeastern railroad is now being huilt by R. C. Cushins, of Chicago, general contractor. The read is practically a part of the Peccos Valley active to the Peccos Valley act

water, is general manager of the railroad company.

The Choctaw, Okiahoma & Guif Company, which controle a line between Fort Reno and Wister station, in the Indian Territory, has decided to make further extensions, and has let contracts for seven miles, which will connect it with the Kansas City, Pittsburg & Guif, while it has decided to build what is known as the El Reno and Southwest branch, an extension of its western division, which will be twenty-five miles in length. The contract for this work has been let to J. W. Maney & Co. Francis I. Gowen, of Philadelphia, is president of the railroad company.

Altogether, it is safe to say that these lines will represent an outlay of fully \$15,000,000 when completed.

LIVE STOCK RATES ARE CUT. Port Arthur Route Makes a Reduction to 5 Cents From Its North-

ern Territory. The Port Arthur route has made a rate of 5 cents on live stock from points on its lines north of Kansas City east of and in-cluding Maryville to Kansas City. The tariff applies to all points west of Quincy, Ill., and is of inestimable value to the Kansas and is of inestimable value to the Kansas City live stock market, as it will direct to Kansas City the live Stock slitpments from a territory which has heretofore found its market at Chicago. The lines competitive with the Port Arthur route will be forced to make the same rates from competitive points and ultimately to place Kansas City on a parity with Chicago as a live stock market for all of Northeastern Missouri. Heretofore the Kansas City live stock receipts have come almost entirely from Western points and the action of the Stilwell lines, intended, as it is, to make their entire territory tributary to Kansas City as against any other market cannot fail to increase the importance of this city as a live stock market.

FRISCO'S ENTRANCE DELAYED. Rush Work for War Department Delays Manufacture of Ironwork for Bridges.

As a result of the war the Frisco rail-As a result of the war the Frisco railroad will not be able to secure an entrance
to Kansas City by July 1, the date set for
the completion of the gap connecting it
with the Kansas City, Oscsola & Bouthern,
which it will operate under lease. Work
for the government on rush orders has delayed the manufacture of the structural
iron for the bridges on the line being built
and the manufacturers will not promise to
furnish it until the latter part of July. This
means that the Frisco will not enter Kansas City until about August 1, instead of
July 1.

Just Stop and Thin

Here we are only two weeks before our Semi-Annual Inventory, when you know we want every piece of surplus stock turned into money. This cannot be do no without a marked reduction in the prices. To encourage quick and heavy buying the prices are lowered regardless of cost, and the most important feature of it all is that every bit of THIS MERCHANDISE IS JUST WHAT YOU NEED IN YOUR EVERYDAY LIFE, and will be glad to have at these low prices. Styles and patterns are for 1898-materials and fabrics are for the summer season, so you see you have a whole season ahead of you and summer goods at prices in some instances less than cost to us. Look the following prices over and get an idea of what Surplus Stock Selling means to you.

Besides inventory, which is so near, the odds and ends must be cleaned up—the two together make it more necessary to sell quickly, so prices are made with that end in view.
